TEMPERANCE BILL IS DISCUSSED BY LEGISLATURE

AT THE MEETING AT SANDUSKY,
WHICH IS NOW IN PROGRESS

BOTH SIDES HAVE LOBBY

Which is Working in the Interest of
Its Case—Other Business to
Be Taken Up.

Sandusky, Aug. 2.—The Rose county local option bill is now tied up in the temperance committee of the Senate to which it was sent last term. It was the chief subject of discussion by the members of the Ohio General Assembly at the reunion at Cedar Point. Both the anti-saloon league and the brewers have a lobby here arguing it out with the statesmen.

The liquor interests want to keep the bill in committee at the coming session. The temperance people want it passed. If the liquor people cannot keep the bill in committee they will probably ask the entire state to vote on it in 1908. The bill allows entire counties to vote on saloons, and Wayne B. Wheeler of the anti-saloon league, says that 73 out of the 88 counties would vote dry. With this question is another. If the saloons are voted out, who will pay the millions of revenue now secured from the saloon keepers.

Candidates are thick. Freeman T. Eagleson of Guernsey, is a candidate for speaker of the house. It looks as if he would be the only one.

Judge Noah J. Deaver of Scioto county, has aspirations for pro tem speaker.

Geo. Upham, the prosecuting attorney of Stark county, wants to be attorney general.

Ed Fullington of Marysville, is being bullied for state auditor.

Chas. Green, chief clerk in the state treasurer's office wants to be treasurer.

Joseph Obermyer, of Cincinnati, and Thomas C. Edwards of Lima, aspire to be clerk of the Supreme court.

FAIRBANKS HAS NOTHING TO SAY

Chicago, Aug. 2.—Vice President Fairbanks left here today for Lincoln, Neb., and other western points, where he will deliver addresses.

When asked what he thought of the endorsement of Secretary Taft by the Ohio state committee he abruptly terminated the interview.

TICKET AGENT SUICIDES.

Stevenville, Aug. 2.—Edward Permar, C. & P. ticket agent, suicided last night by cutting a artery in his leg. Ill health was the cause.

BIG DULUTH FIRE

Duluth, Minn., Aug. 2.—Fire starting from a gasoline stove in a tailor shop today caused \$85,000 damage to the tailoring establishment and the Christie printing and Burgess electric companies.

DARROW TO BE CHIEF COUNSEL

Boise, Idaho, Aug. 2.—E. F. Richardson has been dismissed as chief counsel in the defense of the officers of the Western Federation of Miners, and as a result has withdrawn from the case entirely. He will be succeeded by Clarence F. Darrow of Chicago.

In announcing his withdrawal Richardson bitterly attacked what he termed Darrow's socialistic methods and declared he could not work with Darrow.

STORM DOES GREAT DAMAGE

Detroit, Aug. 2.—Friday's rain and wind storm is estimated to have done more than \$100,000 worth of damage to growing crops. The greatest damage is reported from the wheat growing districts where whole fields of ripe grain were completely destroyed.

Corn, beans and oats also suffered, first named being cut into ribbons by hail tons. Many buildings were damaged.

News was received from the Carpline group of the foundering of the trading schooner Charles and Ella in a hurricane, Captain Warner and 8 of his crew being drowned.

MAN FELL EIGHTY FEET AND IS BADLY INJURED BUT MAYBE NOT FATALY

Charles D. Hayes, 28, formerly of Newark, and who used to drake on the E & O railroad, a well known man, was engaged in painting a tank at the Central glass works in Utica Friday morning, and at about 9 o'clock, by the breaking of a rope he fell to the ground a distance of 85 feet. His wife, who was at home nearby, saw him fall and hurried to his aid.

It was found that he had landed squarely on his feet, breaking both ankles, and sustained other injuries from his spine down, but how serious it is not known yet.

Mr. Hayes bore up bravely during the dressing of his injuries and talks rationally about his experience, and says that it was lucky that he landed in the manner he did.

His father, Thomas Hayes, is a watchman at the Third street crossing and was with him at the time of the fall. From which Bowers & Criss Bros' ambulance took him to the Newark Hospital, and remained during the time of dressing his injuries.

The physicians do not know yet the exact extent of his injuries, but as he is a vigorous man, he is likely to pull through.

REPORT IS THAT A KANSAS TOWN WAS DESTROYED BY A TORNADO

Wichita, Kan., Aug. 2.—All efforts to reach Marquette, Kan., reported to have been destroyed by a tornado by telegraph or telephone, failed. The Missouri Pacific telegraph operator at Marquette was notifying the agent at Geneseo, west of there, that the station was almost destroyed by wind, and that three inches of water stood

in the station, when the wire failed. McPherson, southeast of Marquette, was reached by telephone. That place had heard the report but could not communicate with Marquette. All other wires are down. Marquette was destroyed by a tornado in 1905, 27 persons being killed and over 150 injured.

BRAVE OFFICERS DREW LOTS TO DETERMINE WHO SHOULD DIE

St. Petersburg, Aug. 2.—The body of another officer who went up in the military balloon from the aeronautic park at Tsarskoe Selo July 19 has been picked up at sea. There were four officers in the balloon when it descended. Four days later the balloon itself was found empty and water-logged at sea, and one body was discovered floating in the Gulf of Finland

on July 25. Evidence in the possession of General Kovalev, in command of the aeronautic park, shows that the four officers drew lots and successively threw themselves from the balloon into the water in order to reduce the weight of the airship and keep it up as long as possible. This explains why the bodies are being picked up so far apart.

A Much-Captured Man.

Lexington, Ky., Aug. 2.—Although Robert Hocker, accused of the murder of Drummond Veal, is in jail here, officials receive word almost daily of his capture in various states. News has just been received that Hocker had been captured at Talladega, Ala.; at McDavitt, Ala., and at Cook Springs, Ala., and the officials at these points ask identification. Hocker killed Veal here on May 9, and after being hunted in several states was caught at Cincinnati.

Borax in Ham.

Washington, Aug. 2.—A shipment of deviled ham from the United States has been held up by the authorities at Buenos Ayres because it is alleged the meat contains borax. The matter is being investigated.

YOUNG GRANT IS TO WED MISS ROOT

Washington, Aug. 2.—Announcement was made of the engagement of Miss Edith Root, only daughter of the secretary of state and Mrs. Elihu Root, to Lieutenant Ulysses S. Grant

LIEUT. ULYSSES S. GRANT

Third U. S. A., son of Major General Frederick Dent Grant, commanding the Department of the East, and grandson of the late President Grant.

No date has yet been set for the wedding but it probably will occur in the early autumn.

Lieutenant Grant has been one of the aides to President Roosevelt, and the social duties of that position brought about his acquaintance with Miss Root.

Reports Probably Exaggerated.

Rome, Aug. 2.—It is declared in Catholic circles that the revelations regarding immoral practices on the part of the Salesian Fathers at Valparaiso are greatly exaggerated. They are the outgrowth, it is said, of reports that were circulated a year ago, when a young priest named Bertine left the convent. The anti-clerical papers have based their entire case upon an isolated incident, and pupils of the schools have been incited to make false confessions.

David Christie Murray, the novelist and playwright, is dead in London. He was born in 1847.

JAPANESE GUARDING AMERICANS

Seoul, Korea, Aug. 2.—Rioting and street fighting were resumed at day-break today. The demand by the Japanese cavalry at Little West Gate barracks for the surrender of the Korean soldiers' supplies started the trouble. The Koreans were finally driven into their quarters by a heavy fire from the tower gate Machine guns were then brought into play by the Japanese and General Okazaki, with reinforcements, invested all the buildings. Today a guard of Japanese was thrown about the American consulate. In the fighting yesterday 60 Koreans and a score of Japanese were killed.

Only Forty Killed.

Kastoria, European Turkey, Aug. 2.—District troops annihilated a Greek band, killing forty of the men and capturing nine.

COMBINED ACTION OF THE POWERS AGAINST MOROCCO

Paris, Aug. 2.—Combined action of the powers against Morocco will probably be the outcome of the attempt to start a holy war to drive out all the foreigners, and the outbreak at Casablanca, in which at least twelve Europeans are known to have been killed. A note, made public today, states that there has been an exchange of notes between France, Italy and Spain whose subjects were victims of the Casablanca outrage, resulting in a complete understanding between the three governments, agreeing upon the necessity, not only of avenging the murders, but to definitely restore order throughout Morocco.

The immigration officers now have conclusive proof that the Puncchal police authorities actively aided stowaways to get aboard the British steamship Tumeric when that vessel was in port of Puncchal, taking on immigrants for Hawaii.

SERIOUS TROUBLE VERY IMMINENT IS THE OPINION

AS A RESULT OF THE ATTEMPT
OF JAPANESE TO DISARM
KOREANS.

KOREAN PRINCE SHED TEARS

When He Heard the News of the
Killing and Wounding of Forty
Soldiers

Seoul, Aug. 2.—In a conflict at the West Gate barracks between Japanese troops and disbanded Korean soldiers many were killed and wounded, including several Japanese, who are arresting and imprisoning them. Firing has ceased. The American consulate was struck by several bullets. No foreigners were injured and the city appears to be safe. Unverified official returns from the conflict give the number of killed and wounded as 60 Koreans and 40 Japanese. About 3,000 men willing to be disbanded, marching without arms through the parade ground, where, according to rank, they received gratuities ranging from 25 to 80 yen. The minister of war read the rescript of disbandment to the higher Korean officers at the house of General Hasegawa. Major Pak Sung Huan, commander of the First battalion of the First Shiwa regiment, returned to the barracks and committed suicide. This excited his subordinates and also a battalion of the Second Shiwa, who attacked two Japanese officers and their orderlies. One battalion marched on the south gate, where a clash occurred, in which Captain Kajiwara and two others were killed. Over 100 Koreans escaped with their rifles and divided into two bands. They are still abroad.

Korean Cried Over News.

New York, Aug. 2.—Prince Tjong Oui Yi, who with Yi Sang Sul reached here from The Hague, where they, as Korea's delegates, sought vainly to lay before the nations the plight of Korea, was deeply affected when shown a dispatch from Washington that 40 Korean soldiers had been killed or wounded while resisting an attempt of the Japanese to disarm the Korean army.

"The death of these soldiers," declared Prince Yi, feelingly, "marks the baptism in blood of Korea's final efforts to throw off the Japanese domination. The Korean army will resist Japan's disarmament steps to the last, and Korea, responding to a great national sentiment, will rise up and fight for her liberty. This is the outcome of 4,700 years of distrust with which Korea as a nation has regarded Japan."

"Our army of 3,000 active men is small," continued Prince Yi, "but it is well drilled. There are 1,500,000 Koreans, able-bodied, patriotic men, who are ready to fight. They have weapons of various kinds and they will fight. We are poor in money, but are rich in national sentiment. Koreans are pacifists, and as pacifists they have been paid in Japanese cannon balls."

WILLIAMS SELECTED

Jackson, Miss., Aug. 2.—Of John Sharp Williams' selection over Governor Vardaman for United States Senator, there is no longer the least doubt. Williams, the campaign committee now claims, has a lead of from 10,000 to 15,000. Vardaman was defeated in his own county.

COMMANDER PEARY IS ABOUT READY

Portland Me. Aug. 2.—Commander Robert E. Peary, who is staying with his family at Eagle Island, states that he will start for New York and then for the north just as soon as the boilers are installed in the Roosevelt. He could not state definitely when that will be, but expects to start within a week. He expects to be in winter quarters by Sept. 5. There will be no change either in his general course or the size of his party, which this time will not be divided at all but will be kept in a compact order.

After the Express Companies.

Albany, N. Y., Aug. 2.—Representatives of the express companies doing business in this state conferred with Public Service Commissioner Decker regarding the rate for the filing and publication of express company tariffs, as required under the new public service commission law. This is the first time that express companies have been amenable to state law, the new statute placing them on the same footing as steam and electric railroads in the matter of filing publication of tariffs.

FR. MARTOGESSIAN ON WAY TO THE TOMBS.

New York, Aug. 2.—For the first time since the murder of Hovhannes S. Tavshanjian the name of Father Levon Martogessian was officially connected with the crime when District Attorney Jerome in asking that the priest be held in heavy bail on an indictment charging attempted robbery in the third degree added that as the result of the investigation now going on he may be indicted for an "offense for which there is no bail."

On the strength of this request, Judge O'Sullivan set the bail at \$25,000, and in the absence of his counsel remanded the prisoner.

MILITARY PATCH UP A TRUCE WITH STRIKERS

St. Paul, Minn., Aug. 2.—An understanding was reached between representatives of the state, the steel corporation and the striking iron workers as to the future conduct of the strikers and sheriff's forces, and as a result it is believed the possible necessity for sending troops to the iron range has disappeared. Governor Johnson received the following message from his personal representative, T. D. O'Brien, who with two others was sent to report on conditions on the range. "After a conference with Sheriff Bates, T. F. Cole, representing the steel corporation, and Teofilo Petrella, the strikers' representative, the following agreement has been reached. All marching of the strikers is to cease. There is to be no trespassing on private property. The men shall be allowed to assemble peacefully for the purpose of discussing their interests." All messages received at the state capital showed an entire absence of violence. The strike apparently has resolved itself into a contest of endurance.

NO DISORDER IN THE DULUTH STRIKE

Duluth, Minn., Aug. 2.—One working day has passed since operations on the range following the settlement of the ore dock strike were begun by the United States Steel corporation and the independent mines, and no serious disorder was reported. The industrial sky over the range is not cloudless however for the sullen attitude of the followers of the Western Federation of Miners indicate an attitude of desperation, which was somewhat intensified by a vitriolic address by Petrella the strike leader.

The San Francisco Trouble.

San Francisco, Aug. 2.—Mandamus proceedings were brought in the supreme court to compel City Auditor Horton to recognize Edward R. Taylor as mayor of San Francisco. Mayor Taylor and Auditor Horton held a conference to consider the advisability of transferring the city funds a little over \$7,000,000 from the United States mint to the city treasury.

MAKE NO PROTEST TO SENDING FLEET

Oyster Bay, Aug. 2.—Secretary Loeb says that the navy will make no change in the plans to send the Atlantic battle ship fleet to the Pacific ocean, and that the necessary preparations for the trip are now being made in the navy department. Upon their completion and approval by the president the voyage will be begun when the president gives the word. No protest has been received from the Japanese government against the plan to send the fleet to the Pacific and none is expected. It is pointed out here that no basis exists for protest or complaint as the fleet is to remain in American waters.

RE-ISSUE EXEQUATOR TO VICE CONSUL

Washington, Aug. 2.—The state department has been asked that the Swedish government be requested to Charles A. Lox, former vice consul at St. Louis. The department consequently will reissue to him the exequatur withdrawn some time ago because of a letter written by Loxstrom which was offensive to President Roosevelt.

CITY AROUSED OVER CRIMES OF STRANGLER

LATEST VICTIM OF THESE ATROCIOUS MURDERS IN NEW YORK A YOUNG GIRL.

RIOTOUS SCENES ENACTED

When Body of the Child Was Removed in an Ambulance—The Coroner is Baffled.

New York, Aug. 2.—An eight-year-old girl is the latest victim of the "Graveyard" as the foreign populated portion of New York city is commonly known. This latest murder is similar to the two recent murders of women in the same locality, and marks on the little victim show her to have been criminally mistreated before death. When news of the finding of the little one's body spread through the neighborhood, excitement rose to such a pitch that the removal of the body and an arrest caused almost a riot. Many thousands of persons were in the nearby streets when the wagon from the morgue arrived. At sight of the covered body the crowd vented its grief and rage in a babel of tongues. Shop windows were smashed and only the determined front of the police reserves, who clubbed right and left, prevented greater damage.

The three murders are strikingly similar. Last Thursday night a woman was strangled in a boarding house; the next morning the body of a still unidentified woman who had been choked to death was found in an area-way. Katie Pritschler, daughter of a restaurant waiter, disappeared a week ago, and was killed that night. A ribbon placed about the throat and drawn so tightly that it cut the flesh showed how she died. Her body has now been found.

If the brutality of the murders can be qualified, that of the Pritschler girl ranks first. She was assaulted, murdered, and then her lifeless form was horribly mutilated.

The "Graveyard" takes its name from the proximity of the old Thirteenth street cemetery, and the locality has been the scene of several revolting murders. The majority of the residents are foreigners.

Carl Pritschler, the father of Katie, is a hard-working, respectable citizen. He has several other children, all younger than Katie. The girl left home at 340 East Thirteenth street last Thursday to play in the street. When she failed to return the father notified the police and a general alarm was sent out. The body was discovered within a block of her home, and scarcely a hundred yards from the location of a placard placed by the father calling attention to the fact that his child was lost. How the body could have remained undiscovered for a week is not explained.

The girl's body was stumbled upon by a woman who visited the basement of the house at 208 First avenue. It lay upon a berry crate with seemingly no effort at concealment.

"You can say for me," Coroner Harburger declared, "that the crimes in Berlin of which the newspapers have told have not been one thousandth part as bad as the murder of this little girl."

The coroner would not permit the body to be photographed. At the coroner's direction Gaetano Rippolano, whose cobbler's shop adjoins the girl's home, was arrested and asked to explain his absence from his shop on last Friday. He established the fact that he had spent the day at Bristol, Conn. The girl is said to have frequented Rippolano's place, and search of the place brought to light a man's shirt which bore red stains. The cobbler was arraigned and remanded to the coroner.

John Kusmiche the Russian watchman under arrest as a suspicious person, and who is said to have been seen in company of the girl whose body was found in the area-way on East Nineteenth street, was remanded without bail until Saturday. Dora Messner, who is said to have been seen in the company of the cobbler, was arrested as a witness. She was arraigned in the night court and held for the coroner.

A Denver Slasher.

Denver, Aug. 2.—Peter Magoffin, a laborer, was arrested in this city after he had slashed the dress of nearly 30 women and girls on the streets. He was caught in the act and when searched a keen knife and a number of bits of slashed dresses were found on his person. He could not explain his actions.

Morris L. Hartman, former cashier of the Farmers' National bank of Boyertown, Pa., was arrested, charged with misapplying the funds of the institution, making false entries in the books of the bank and falsifying his reports to the comptroller.

GREAT REVIVAL STILL IN PROGRESS

Fifteen more were added to the membership of the new church in the North End last evening, and there were a number of conversions.

The great revival continues unabating. Evangelist Dillin's sermons are having wonderful influence. Each sermon is more pointed and convincing than the preceding one. The arguments have been so strong, clear and logical for the Christian life, that they were irresistible and even infidels have been led to the mourners seat.

Tonight Rev. E. S. Dillin, son of Evangelist Dillin, will preach a sermon to the young men to which service the young men of the city are specially invited. Miss Dillin will sing a special solo. All are welcome.

DEPARTMENTS

TAKE UP THE CASE OF A PRETTY BELGIAN IMMIGRANT GIRL AT NEW ORLEANS.

Marine Surgeon Said She Has Trachoma—Ten Oculists Say She Has Not.

Washington, Aug. 2.—The Treasury Department and the Department of Commerce and Labor are engaged in the solution of a controversy between the surgeons of the Marine Hospital Service and the oculists of New Orleans as to the existence of non-existence of trachoma, a serious and infectious disease of the eye, in a handsome Belgian immigrant who had been invited to come over and make her home with her uncle, Prof. Maxim Soum, of New Orleans.

The immigration authorities, on the finding of a marine hospital surgeon, recommended that the young woman, Miss Irene Vandorenwera, be deported because of the infectious disease. Ten of the most eminent oculists obtainable, one after another, made examination and unanimously agreed that the immigrant had nothing the matter with her eyes. The inflamed condition of her eyes, which first excited the unfavorable opinion of the officials, was explained as being due to the fact that as she arrived on a different boat than was expected her relatives failed to meet her, and she cried with disappointment for several hours.

Senator McEnery telegraphed President Roosevelt and had the order of deportation held up pending a thorough examination of the case, while the oculists staked their reputations on their reports that she was not afflicted with trachoma. The President, at length, came to the conclusion not to interfere with the action of the immigration officials and returned the papers to the Department of Commerce and Labor.

Yesterday, before the decision was announced, Representative Davey had an interview with Acting Secretary Herbert Knox Smith, who already had been informing himself on the subject of trachoma by consulting local oculists, and the result was the issuance of an order to the immigration officer at New Orleans to convene another board for the purpose of fully investigating the case a second time. One of the New Orleans oculists who protested that Miss Vandorenwera had nothing the matter with her eyes offered to submit himself to inoculation to prove the correctness of his diagnosis.

The new board will hear both the oculists and the surgeons of the Ma-

rine Hospital Service and their conclusion will be final. It was said in New Orleans that Miss Vandorenwera, accompanied by her aunt and Senator McEnery, intended to visit the President at Oyster Bay to convince him that she was not afflicted with the disease which the surgeons reported she had.

The case of Miss Vandorenwera has attracted considerable attention in the South on account of her beauty and social position.

Her grandfather was ennobled by King Leopold and for generations the Vandorenwera family has been prominent in the social life of the Belgian capital.

DECREASE OF SCHOOL YOUTH

County Auditor J. N. Wright has sent the abstract of the enumeration of school youth of Licking county to the State School Commissioner. The report shows that the number of school youth in Licking county is 13,315, and of these 6,947 are males and 6,268 are females. The youth between 6 and 8 years of age are 2,147; between 8 and 14, 5,602; between 14 and 16, 2,053; between 16 and 21, 3,513. Of these 12,310 are in the United States Military district and 1,005 come under Section 16. Of these 51 are located at the Children's Home. The total number of school youth in the county last year was reported as 13,558, making a decrease of 243 in the county. Last year the total number in Newark City was reported as being 5,960, while this year it was only 5,715. In the townships last year the total number was reported as being 7,598, and this year 7,600 even. It will thus be seen that the entire decrease practically, was in the city.

Tonight the Grahame stock company will present "Kathleen Mavourneen" at the Casino, which is one of the oldest Irish plays and a favorite always. Also there will be a complete change in the vaudeville acts, immediately after the regular performance an amateur contest will be held for which \$8 in cash will be awarded to the winners, as follows: First prize \$5, second 2 and third 1.

This regular contest has awakened considerable interest among the Casino patrons and a big house is always the result on Friday nights.

WARRANTS ISSUED

New York, Aug. 2.—Police officers are out today with warrants for the arrest of Ralph Peters and General Superintendent John C. McCrea of the Long Island railroad, charged with responsibility for the death of Dr. Edward J. Gallagher, who with Miss Helen Madigan, was killed last week while autoing across the tracks at St. Albans. The charges of criminal negligence are based on the coronor's finding in the Gallagher case at Jamaica, L. I.

The verdict was a surprise inasmuch as the testimony was that Gallagher evidently saw the approaching train and seemed to think he could cross the track before the locomotive could strike him. District Attorney Darrin of Queens county says the jury's finding is unjustified.

A SUICIDE PACT BELIEVED BY ONE, MURDER BY ANOTHER

Chicago, Aug. 2.—That a suicide pact probably existed between Laura Matthews, the 19 year old dramatic student who killed herself on a lonely road near Colorado Springs and Amos Rumbaugh, the second suicide victim in the resort town tragedy, is the opinion of Burnet Boyd a business associate and intimate friend of Rumbaugh. According to Boyd the suicide pact

was arranged last Christmas. He declares that during a call Rumbaugh expressed regret that, because of his wife, he could not always be with Miss Matthews. Rising suddenly, Laura threw her arms around Rumbaugh's neck and said: "I just can't live without you. If I can't have you I'll kill myself."

Rumbaugh looked at her solemnly. "All right little one," he said. "If you kill yourself I will do likewise." C. A. Coey is in Kansas City on his way to attend the funeral of the girl. "I know she did not commit suicide," he declares. "I shall not allow the stigma to besmirch her name. Immediately after the funeral I shall go to Colorado Springs to conduct an investigation. I believe Rumbaugh killed her, and if not he, somebody else, for Laura would never have killed herself."

ROCKEFELLER GETS RICHER

Tarrytown, N. Y., Aug. 2.—Because there is an honest tax collector in the village of North Tarrytown, J. D. Rockefeller is \$156.67 richer than he had any idea he was.

A week ago Rockefeller sent for his tax bill, John F. Foley, the collector, received a check just before the one per cent built expired. In figuring up the account afterward Foley discovered John D. overpaid him \$156.67. So a check for that amount was sent the oil king.

"Sure it's so," said Foley today when asked about the matter. "Why, that's nothing. I returned two cents to a woman the other day when she overpaid me."

Advocate Jamestown Girls.

Dr. and Mrs. H. R. Emery, at their home on the Granville road, entertained the members of the Advocate Washington-New York-Jamestown Exposition party Thursday night in a delightful way, the purpose of the reception being to establish acquaintance among the young ladies and to talk over plans for the jolly trip which starts Monday evening, August 5th, after a dinner party at the Sherwood. All of the young ladies were present except Miss Beaver, who was detained by duty at her home in Jersey township, and Miss Taylor, who is just recovering from illness at her home in Franklin township. The "ice" was quickly broken by Mrs. Emery, the capable chaperon of the party, and in a few minutes acquaintance was formed which promises to grow into warm friendships. The Advocate has on previous occasions referred to the high character of every one of the young women who participated in the recent contest and in this there has been no exaggeration or mistake. They are every one of them, representative young women of Newark and Licking county and the Advocate is glad to take such a party as its guests on the delightful trip that has been planned. At Newark the party will be joined by five young ladies from the Coshoccon Age on Monday. After the Sherwood dinner, the girls will be escorted to their special Pullman car at the B. & O. station, leaving at 8:20 p. m. for Washington. Automobile sightseeing, a visit to the White House, Capitol, government buildings and the top of Washington monument, and a steamer trip to Mt. Vernon, will be followed by a trip in a special Pullman car to Richmond. After a day and two nights in the historic old city where every minute will be pleasantly occupied, the girls will enjoy a daylight steamer ride down the beautiful

James river to the Exposition ground. Headquarters will be at Old Point Comfort and interesting side trips will be taken by boat, auto, carriage, and trolley to Yorktown, Newport News, Hampton, Norfolk, Virginia Beach and other places. At Norfolk the party will separate, part going by ocean steamer on to New York, the others by steamer up the Chesapeake bay to Baltimore, Md. After a day's sightseeing in the city the guests will board a special car for home, stopping at Pittsburgh, Pa., enroute. When the contest was started a trip to Jamestown, Washington and New York was promised, but the Advocate has added Richmond, Mt. Vernon, Baltimore, Pittsburg and many other features besides increasing the size of the party and awarding special prizes.

The Advocate has left nothing undone that could contribute to the pleasure or interest of the party. The young ladies are anticipating the trip with keen relish and they deserve the good time they are going to have. Dr. and Mrs. Emery are to be congratulated for the happy thought of giving the "get acquainted" reception Thursday night as the girls will now start upon their trip not as strangers but as friends and we believe the friendship just established will last through life.

A bird in the bush is worth two on a hat—providing it's a singer.

The Sunflower state asked for 50,000 harvest hands and got 118. Kansas perhaps would have fared better had she offered as did the Marion, Ohio, farmer recently, free beer for workers in the wheat fields.

Levi P. Morton's butler has just sailed for his home in England, richer by \$1,000,000 than he was when he came over—but we can't all be butlers.

The Taft and Foraker leaders in Ohio declare that the political war between the secretary and Senator has "only just begun." In this one thing they agree and in this they are both correct.

The fact that the present given by Admiral Yamamoto to President Roosevelt is kept a secret causes the Coshoccon Times to wonder whether it was a lemon.

According to Prof. Hicks, the month of August is just to be an ordinary month with numerous storms to vary the monotony. So far August has been an extraordinary month and if the same thing can continue, Newark will enjoy a regular summer resort climate.

Editor I. F. Mack of the Sandusky Register, staunch friend, political and otherwise, of Senator Foraker, sees victory for the Senator in the action of the Republican Central committee. "Taft demanded an endorsement," he said, "and he gets it plastered over with an indorsement of Foraker. He can not repudiate one without repudiating the other. Foraker not only did not ask an indorsement, but he denied the authority of the committee to give it."

"Where is that mule Maud that she might take a kick at the Taft boom?" asks Mr. Mack, in concluding an editorial.

Newark's lively little neighbor, Coshoccon, is in the throes of a typhoid fever epidemic but the authorities are going about it in the right way. People

are urged to boil the water and boil the milk before using. Here's hoping the trouble may be quickly eradicated.

MOTHER SAW HER DAUGHTER SINK

And Heroic Efforts of a Friend Failed to Save Two Girls From Drowning

Chicago, Aug. 2—Two girls were drowned in the Calumet river at One Hundred and Twenty-third street Thursday afternoon while bathing from a small rowboat within 100 feet of the doorstep of the famous roadhouse, where the mother of one girl was seated watching them. The girls were Edith Swartz, 13 years old, and Elsie Hull, 17 years old.

Game Warden Bushman was in the house at the time, and when he heard Mrs. Schwartz screaming he rushed to the river bank. He was just in time to see the girls sink. The man made a heroic effort to save them, but when he dived into the muddy stream he was unable to make an effective search beneath the water because of the thick weeds near the shore.

They were but a short distance away from the bank when one of them slipped from her seat and capsize the boat. Both girls were thrown into the water suddenly and, being unable to swim, they disappeared immediately.

Neither of them arose to the surface. It is believed they became entangled in the weeds in their struggle to reach the surface and were thus held down until dead.

This is the annual outing, and is given by the Scott-Griggs company to their employees.

Everything good to eat was provided and Mr. Wm. Griffiths who is managing the catering department, was a very busy man all morning seeing that all the refreshments got to the picnic grounds.

Boating, bathing and games of all kinds are provided for the amusement feature, and as the weather is delightful all are enjoying the time of their lives.

NOTES OF RE-UNION OF SEVENTH OHIO

Newark May be Chosen as the Permanent Place of Holding These Pleasant Gatherings.

"Rosie," secretary of the Seventh Ohio reunion committee, has received word from Col. Carmi Thompson, secretary of state, late captain of Co. 1 of the Seventh Ohio that he will arrive to attend the reunion early on Monday morning.

Company M, of Dennison, O., will arrive here Sunday morning. Sergeant Thompson will bring the regimental colors. Q. M. S. Alvin H. Brown says that the company will turn out in goodly numbers.

A letter received from Second Lieutenant Handschoemaker of New Matamoras, O., says that the company will be as well represented as any company in the regiment.

As far as can be learned the entire field and staff of the regiment will be present. Although the citizens of Newark may think that this is only a small affair, the fact still remains that Newark is the only logical city for the annual reunions of the Seventh Ohio. No doubt such action will be taken to permanently establish the reunion at Newark by reason that the city is centrally located, with the best steam and interurban facilities of any other city in the confines of the regiment.

One of the most popular officers of the regiment who will be present is Mr. Jacob Houck, the regimental quartermaster. No bacon or beans without "Jake."

All members of the reception committee are requested to meet at 9 o'clock at headquarters in the entrance of the Auditorium for badges and cards of instruction.

The necessity of hotel accommodations is plainly shown in the canvass of the city by the committee. All rooming houses, as a general thing, are full up. It may be necessary for the citizens to assist in the rooming of the regimental guests. Any citizen having desirable rooms will confer a favor on the committee by leaving their address and number of rooms at headquarters Saturday.

The assignment of rooms and accommodations will be made by the secretary of the association, Mr. Walter J. Sears of Chillicothe. No special favors will be shown. All will be served alike. That the reunion will be a success is a foregone conclusion.

STORY OF A KIDNAPPED BOY TOLD BY PAPER

Following is the story of the little boy, Elmer White, who was kidnapped from his mother near Buffalo, N. Y., six years ago by the father, and afterwards brought to Newark. Some time ago he was brought before the Juvenile Court and was sent to the Boys' Industrial school at Lancaster, where he is now learning telegraphy. The Buffalo Evening News says:

Little Elmer White, who was kidnapped from his home, 186 Rhode Island street one Saturday afternoon, six years ago, has been found in the Ohio State Industrial School at Lancaster, O. After suffering in ignorance of the fate of her son during this period, Mrs. Adele M. White has just returned from a trip to the school, where she was reunited with the lad, and is today stopping with friends at 11 Garden street. The boy was taken by his father, William A. White, who deserted his family, the wife charges.

All trace of White and the 8-year-old boy was lost, and the mother received no word until two years later, she says, she learned they had been in Pittsburg. She could not locate them. In the meantime Mrs. White gave up her old home on Rhode Island street and is now living at West Falls, N. Y.

For some months the truant officer of Newark, O., had been experiencing much trouble with a boy named White, presumably living with his father and mother in that city. He would not go to school. Neither would he remain at home, and when hailed before the juvenile court his brightness was so striking, he was placed in the home of Dr. Baker, one of Newark's practicing physicians. The boy preferred to sleep on mounds of hay in sheds and barns, rather than between the clean coverlets of the Baker home. He was soon back in court. When the papers were being made out for his commitment to the Industrial School, the boy's father said he was living with his second wife, the lad's mother being dead.

"My mamma is not dead. She is living," shouted the boy in the face of his father's oath.

The court officers pressed him for an explanation, but he could remember nothing beyond the fact that he had been stolen from his mother in Buffalo and that he had an aunt living here, on Zittel street, Ina Schafer.

The boy was committed to the Industrial School and Mrs. Mary A. Swan, probation officer of the Juvenile court, communicated with Police Superintendent Regan asking him to locate Mrs. White. Supt. Regan put men at work on the case and the found Mrs. White was living at West Falls.

Knowing that her boy was safe, after six years of anxiety, the mother found herself almost destitute of funds, with no means of going to her boy or sending for him. Mrs. Swan interested the police officers at Newark, and they subscribed a sum sufficient to cover the expenses of Mrs. White's trip.

"Yes, I can scarcely realize I have found Elmer," said the happy mother this morning. "It is wonderful—why, the poor little fellow couldn't even remember my Christian name when they asked him in court. He was only a baby eight years old when his father took him away."

MRS. SWAN'S EFFORTS ARE SUCCESSFUL

Following is an account of the funds solicited by Mrs. Mary A. Swan from philanthropic citizens for the purpose of bringing Mrs. Adele White, mother of Elmer White, to visit him at the Boys' Industrial school:

NEW TROLLEY LINE MAY BE BUILT THROUGH NEWARK

Coshockton, Aug. 2.—Another trolley man, but not on a brand new proposition was in Coshockton yesterday.

W. F. Weaver of Canton, arrived here Wednesday, then went to West Lafayette and returned here Wednesday night. He spent Thursday going over the city with local gentlemen.

Mr. Weaver is behind the project to build through from New Philadelphia to Newark, on which errand Mr. Hinds of Cleveland already has been here a couple of times.

The plan is one of the links in a Pittsburgh-Columbus line. They would come from New Philadelphia via Newcomerstown, West Lafayette, and go down the Muskingum valley from here to Dresden, and connect with the Zanesville-Newark line; or would go from here to Bladensburg and then to Newark.

Mr. Weaver expects a party of capitalists here within two weeks, when they will go over the line in motor cars. They claim to mean business.

Cannot Be Found and Pataskala Man
Puts the Case in the Hands of
Toledo Police.

Pataskala, Aug. 2.—W. H. Mead Jr., of this place on Thursday, July 25, after the departure of his family to the Lancaster camp grounds placed Mrs. Mead's diamonds to the value of \$500 or \$600 in a chemise bag, intending to stop off at Columbus while en route to Toledo, and leave the package with a Columbus jeweler for safe keeping. He forgot to leave them, however, and did not remember the valuable until he returned to Toledo where he could not be found. He was returned to Toledo on Friday and gave the case into the hands of the police, but it is not known just what the officials have accomplished in their quest for the lost or stolen jewels.

The members of the school board have been not a little at sea since the Toledo firm flunked on its bid for the \$50,000 four and one-half per cent bonds. However, this has been somewhat of a brighter day within the past few days. A. O. Hough, the Cleveland firm that offered \$452 premium for the bonds, being the second highest bid, have manifested a purpose to meet their bid, and just as soon as a minor differences are adjusted, the deal will take over the bonds. At

IRON TRADE REVIEW

Cleveland, O., Aug. 1.—The Iron Trade Review today says:

There is a marked increase in inquiry for pig iron in eastern markets, and a buying movement of some proportions has been started in New York, but in the central west the pig iron market is listless, although prices show some change. It is understood that the Corporation is willing to take from 10,000 to 15,000 tons of Bessemer pig iron at \$22 valley furnace. There is a scarcity of Bessemer, but an ample supply of basic is obtainable.

Although the buying of steel rails is not general, contracts for 50,000 tons have been placed in Chicago. Railroads are showing more of a tendency to buy, and the market in track material is stronger, especially in spikes and bolts.

Lower prices for scrap are having effect on bar iron, and the quotation of 160c Pittsburgh has been shaded. The present tendency is toward firmness, which has been known for its tendency to name low prices for bar iron, has been placed in the hands of a receiver.

New Castle, Aug. 2.—Four errors by Kreuger at short and Schlatter's failure to field a ball to the plate in the fifth when he had time to catch the runner gave Newark the game.

Limrick was chosen by the Nocks and Laddy Linke by the Molders to do the twirling and both did good service, the former especially doing magnificent work. His support, though, was bad and after the fifth the Nocks could not get into the game.

Schweitzer lammed out a three base hit and Gygyl was credited with 12 put outs. Limrick struck out five men while Linke only fanned one. The former walked two men and the latter three. The Molders left last night for Akron, where they are scheduled to play Friday and Saturday. They will return to Wehrle Park for a game with the Brooklyn Nationals Sunday and Manager Bob Berryhill when interviewed at Cascade Park yesterday said that they were going to put up the best article of ball which they had at their command.

MANAGER SMITH HANDS OUT SOME PENNANT DOPE

FIGURES THAT FOUR TEAMS WILL BE IN AT KILLING WITH NOCKS IN LEAD.

Predicts Disaster for the Champs and Says the Molders Can't Stand the Pace.

Manager Bill Smith of the Nocks, got busy with his noodle the other evening and handed out a few predictions and also a little dope. Here's what he says about the pennant contenders:

"There will be four teams, probably five, who will be contenders for the rag when the last few weeks of the season roll around," said Captain William last night, as he reached for his lemon phosphate. "New Castle will be in the race and mark that down. The teams of which I speak will be New Castle, Newark, Akron, Youngstown and Lancaster. Sharon, Mansfield and Marion will not be in the race. Now, I have been paying a whole lot of attention to the work of the different teams on the circuit during the last two weeks and I have drawn these conclusions. Newark is due for a fall; Akron for a brace; Youngstown for a fall, and New Castle for a brace. Watch out for Lancaster."

That's dope. Bill's dope is usually pretty good.

Continuing he said that Lancaster would come to the fore soon, if the team doesn't blow up. Curt Elston and his men are working hard and something unusual will leap from the camp of Lanktown before many moons have faded. With Justus leading the league in pitching and several other good twirlers on the team a brace is sure to be taken.

After giving out the foregoing William placed his forefinger on his thinking apparatus and let out his vaticinator all right, but the sage old thinker has got another think coming for here is where he falls down on his prognostication.

Thus sayeth Willie:
"Newark can't stand the pace. The pitchers are being worked to death. Asher is practically in the haymow, although he is managing to hang out a nice ball. Stoup and Locke are working well. The team can't stand the strain much longer without a decided breakdown. Watch for it."

Now the astute manager must be sour peaches on Youngstown for he hands them the following:

"As to Youngstown, well, that team will go down a whole lot further in the race than now. The players are not working together. There are dissensions in the ranks of the Champs. The people are kicking over there. They want new men. The team has money back of it, but none in the treasury. So there you are. McAleese is out of the game. The pitchers are not all well. Banlon is not sticking at first. Starr and others are fighting. When the captain of a ball team gets in a fighting mood look out for trouble."

Concluding, Mr. Smith says he looks for Akron or New Castle to win the rag.

SHARON RECALLS WHISNER'S RELEASE

Sharon, Aug. 2.—After releasing Shortstop Bobby Whisner, of Columbus, the management of the Sharon team recalled him last night. He will play third base. Shortstop Lytle of Pittsburgh was signed. Right Fielder Mathay, who was loaned to Sharon by Akron, was released and will return to Akron.

ASCHENBACH LOOKING OVER O. & P. PLAYERS

Akron, Aug. 2.—E. Aschenbach, manager of the St. Paul team in the American Association, looked over the Akron team yesterday and today in search for recruits. He praises the kind of ball he finds being played in the O. P., but has not given out any plans in connection with O. P. players.

Mrs. Collis P. Huntington of New York, has purchased the Paris house of the late Baron Hirsch in the Avenue Gabriel. The price is said to have been \$500,000.

MELANGE OF SPORT.

Well, it was a break even. Now for the Rubber Necks next. All ready for the big game Sunday. The Cheese Man was there with a three timer yesterday. Albert is bound to fatten up his batting average.

The Nocks had four sacrifices in Thursday's game, while the Molders had none.

Rube Geyer, who was drafted from Lancaster by the Senators is the whole cheese down Columbus way. He ought to be wearing a No. 10 today for he pitched 20 1-3 innings against St. Paul yesterday, winning one game and keeping the other to a tie after starting three runs behind.

Toledo further clinched its lead by winning from the fast Millers Thursday by a score of 3 to 1. The game was called in the sixth on account of darkness.

The Molders will arrive in the city Saturday night and will be in good shape for their battle with the Trolley Dodgers.

Seats may be reserved at Hayes' cigar store after Saturday morning at 9 o'clock for the Brooklyn-Newark game.

If we can only make it two straight from Walter's braves the local bugs will all be to the happy.

Big crowds are expected in from Zanesville, Mt. Vernon and Coshocton for Sunday's game with Brooklyn. "Doggie" Ordlib is catching fine ball for Steubenville in the P. O. M. league and the Stub fans like him.

Del Nebinger the youngster whom Manager East tried out at short at the beginning of the season, has been recalled by the Akron club from Beaver Falls and is playing right field. Rumor has it that if "Neb" makes good Nalin will be traded or sold. Nebinger batted in more runs than any other Akronite, Manager East excepted, while he was with the Tip Tops.

Talk about brotherly love. Youngstown sport writers are sending out dispatches from that city stating that O. P. umpires while here are forced to carry revolvers. Wouldn't that jar you? We'll bet a cigarette paper against a match that it made Arlie Latham laugh in his sleep.

Dr. Abbott was credited with three of the hits in yesterday's game. The doctor can always be depended upon to make good with the stick.

Four errors by Kreuger in one game is a bad record. The other two errors were made by Schlatter and Limrick.

The Tigers are holding forth at Cascade park today. The last time they battled with the Nocks it was on home ground and the lads from the east won two out of three.

Poor old Sharon is still at the bottom. Will some one kindly hand Mr. Patterson a horse shoe?

A trade is on between St. Paul and Minneapolis, St. Paul to give up Friske for Nig Perrine. The Saints need an infielder and the Millers need an outfielder. The deal is likely to go through at most any time. They will probably trade back at the end of the season.

Word comes from St. Paul that this is Eddie Ashenbach's last year there. Flood, second baseman of the club, is slated for manager of the 1908 club.

The Minneapolis club did not get to Toledo yesterday till 4:20, and could play but one game of the double header that was scheduled. A double header will be played there today.

The resurrection of James Edward Britt will be the warmest sporting topic for many days to come. They say that a champion never comes back. Technically Britt was never a champion—unless 130 pounds at 6 o'clock constitutes a featherweight championship fighting weight—but he was a public idol and he got the money, without which a title is of little account.

Eddie Murphy, the catcher secured from New Castle through a trade with Manager Stetler, has disappeared. "Take this suit out to East and tell him I've quit baseball." With these words Murphy handed his uniform to Second Baseman Brown of Lancaster, after yesterday's game, and without any explanation to East left the city. He told Captain Fox of the Lancaster team, however, that he had learned from "Bonesetter" Reese that he was not fit to play ball on account of his physical condition.

Jay Gould, who recently won the amateur tennis championship of the world, has announced that if the British players wish to regain it they will have to cross the pool and take it from Uncle Sam's domain.

About 10,000 people witnessed the Nelson-Britt fight at Frisco Wednesday night. The receipts were \$22,000. Of this amount the club received \$6,400 and Britt 60 per cent of the remainder, \$9,240. Nelson's share was \$6,160. Britt earned \$154 a minute actual fighting time which isn't so very bad. We know several Newark pugilists who would be willing to take less.

The running race meeting at Empire City track will begin on Saturday, August 10, and continue until Friday, August 30, a total of 18 days.

Two insects are described as spending their lives in tea drinking. They are the plague of the Assam tea gardens, and are known as the "tea bug" and "tea mite."

ARLIE LATHAM IS HANDED THE BLUE ENVELOPE

A dispatch from Akron Friday morning stated that Umpire Arlie Latham had been released by President Morton. He has been umpiring in minor league circles for a number of years. He began his baseball career years ago with the old St. Louis Browns. Later he played third base for the Cincinnati Reds. During his last appearance in this city he was not up to his usual form and his decisions were commented upon by both teams and the fans as being very unfair.

A LITTLE DOPE

A number of the local bugs got together Friday morning and did a little figuring. They say it will almost be an impossibility for the Molders to come back from the road trip in first position. If they are fortunate enough to win half the games on the trip and Youngstown wins fourteen out of the eighteen games which they will play on the home ground and which the bugs figure they ought to be able to do, it will throw the Newark club into second position about twenty-eight points behind the Champs. There is a chance that the dope may go wrong and the Champs may not be able to do so well.

Our boys have been putting up a strong game. They have held the leaders' position since June 26. Where, pray, can you find a team with as good a record. It will make no difference where they stand when they return they will fight it out to the end, putting up the same royal battle as always, and when the last game will have ended you will find the Molders right in at the killing and the pennant won't be far away from Wehrle Park.

BANLON SCOUTING FOR GOOD MATERIAL

Cincinnati, O., Aug. 2.—Manager Hanlon left the city early this morning on an extended scouting expedition, during which he will visit several towns and look over a number of more or less promising phenoms who have been recommended to the Cincinnati club. His first stop will be in Columbus, where he expects to close a deal by which either Hall or Mason will join the Senators at once. From that point the Red leader's movements will be shrouded in mystery, for a few days, and he may or may not see what he wants and get what he is going after. Hanlon said last night that he expects to be back within a week, but if he sees something that will bear watching for a few days he may not rejoin the Reds until they reach New York on August 13.

Judge Wilson carried off the opening event in straight heats. Ed Geers' entry, Byron Kay, was the contender in every heat, but was not fast enough to beat out the Missouri horse.

The second race, the 2:17 trot, was easy for Beatrice Bellini, she winning all three heats with plenty in reserve. Geers again carried off second money with Tempus Fugit.

Watson was too fast for his rivals in the 2:11 trot, taking both heats without difficulty. Berius took second money; Althasham third, and Mae Heart fourth.

Ed Geers' only victory of the day came in the 2:09 pace, when he won rather easily with John A., who was beaten at Detroit by Kruger. Second and third money was divided by Judex and Jennie W. John A.'s time, 2:06 1-4, was the best made during the day by any pacer or trotter, and is a new record for Geers' horse.

The meeting comes to an end Friday, the feature being the free for all pace. During the morning The Friend 2:05 1-4, a Grand Circuit paces, made a trial mile in 2:01 3-4.

JOHN TAYLOR WILL CONTEST AGAIN TODAY

Five good events will be pulled off this afternoon at the matinee races at Columbus. John Taylor and The Roman in the "Special Trot" will fight for supremacy. Rainforth and Charley Atwood will not start in the Special Trot. John Taylor is owned by E. W. Swisher, formerly of this city, and won a race in a good field at the matinee races at the Columbus Driving Park last week.

FOND OF MUSIC

Joseph Dermer was arrested Thursday night by Chief Sheridan charged with the theft of a phonograph, records and horn. The affidavit states that Dermer entered the home of his brother, Howard, during the latter's absence and purloined the articles. The hearing has been set for Saturday morning at 9 o'clock by Mayor McCleary.

WILL WE HAVE POLO HERE THIS SEASON?

Last night George Barker went to Newark and ear kissing arguments have it that he went to arrange some matters concerning the coming season's polo. Mr. Barker is very generally in the swim when anything good is doing and he is to be commended for beginning at this early date to arrange some excitement on the polo floor for the great diversion of the local fans.—Coshocton Times.

The management of the Palace rink was interviewed by the Advocate and was informed that there would be no polo this season. Mr. Barker could not be found and the manager of the Crescent rink is out of the city. It is hardly probable that Newark will have a team this season.

Will Not Stain Hair

MUST NEED MONEY

Talk about fairy tales, the Youngstown sport writers, now have anything beat that ever came down the line. They love Newark about the way a rabbit does a rattle snake. Their latest is a peach and they are trying to show up Newark in a bad light. They are sending out dispatches stating that umpires are forced to carry revolvers while working in this city. It is almost too absurd to pay any attention to it. The said sport writers must need the money.

AFTER PHILLIS TROPHY

Members of the Columbus Gun club arrived in the city Friday noon and are now contesting with the Newark club for the Phillis trophy at the state camp grounds west of the city. A six-man team from each club has been chosen for the honor and some good scores can be expected. The local marksmen will banquet their Columbus brethren at Schallers' restaurant this evening.

BELLE BIRD WINS SWEEPSTAKES AT GLENVILLE

Cleveland, Aug. 2.—Another large crowd was out to witness the Grand Circuit races yesterday the weather man again smiling on the management. The result of the five events was somewhat similar to those of Tuesday, each race being won in straight heats. In the 12 heats there was not a sensational finish.

The most excitement was produced in the last race of the day, a sweepstakes for three year olds, in which seven youngsters started. Belle Bird won the event in straight heats, but Mike Bowerman, the driver of General Watt, protested the first heat, alleging that he was fouled by McDonald, the driver of Belle Bird. The judges did not allow the protest, whereupon Bowerman attempted to strike McDonald. Other drivers, however, separated them before any more blows were struck.

Ben White of Buffalo, driving the Count, was thrown in the last heat of this race and was carried off the track unconscious. The horse escaped with slight injuries.

Belle Bird's time in the second heat, 2:11 1-4, is considered very fast for a three year old for this time of the year, being within two seconds of the race record for trotters of that age.

Judge Wilson carried off the opening event in straight heats. Ed Geers' entry, Byron Kay, was the contender in every heat, but was not fast enough to beat out the Missouri horse.

The second race, the 2:17 trot, was easy for Beatrice Bellini, she winning all three heats with plenty in reserve. Geers again carried off second money with Tempus Fugit.

GOVERNORS OF OHIO

JOHN M. PATTISON—1906.

John M. Pattison was born on a farm in Clermont county, O., June 13, 1847. At sixteen he enlisted and served during the closing days of the civil war. He afterward taught school until he had earned money sufficient to attend the Ohio Wesleyan university at Delaware, O. In the same class were Vice President Fairbanks and Senator Foraker. When a young lawyer Mr. Pattison was put on the Hamilton county legislative ticket, and after serving his term returned to the law. In 1889 the Democratic state leaders asked him to become a candidate for state senator. That victory and his work in the legislature sent him to congress in 1890. He was nominated for governor by the Democratic convention in 1905 and defeated Governor Herrick by about 43,000, the rest of the Democratic ticket being defeated. He was inaugurated governor Jan. 8, 1906, and died June 18, 1906, having been in ill health throughout his incumbency in office.

DREAMED

He Saw His Son Perish in the River—Rowing to the Spot, Staidard Found the Body.

Pittsburg, Pa., Aug. 2.—Through a vision in a dream Emerson Stidard, a local riverman, learned that his ten-year-old son, Emerson, had been drowned in the Monongahela river, and he located the body where he had seen it disappear in the dream.

The boy failed to come home, and, after a vain search, the family retired. The father says he saw the boy, in a dream, fall from a skiff into the water. Early in the morning he rowed out to the spot, and, with a grappling hook, fished up the body. The boy was his sixth child meeting death suddenly within three years. A month ago a sister was sealed to death by falling into a tub of boiling water. The boy's hat and an empty skiff were found floating down the river.

SWIFT JUSTICE WILL BE ASKED

By Spain and France for the Casablanca Outrage.

TO SEND WARSHIPS AT ONCE

Several Foreign Residents Said to Have Been Murdered by Arab Fanatics—The Washington Government Officially Notified by Its Representative in That Country.

Tangier, Morocco, Aug. 2.—It is believed that the recent slaughter of Europeans in Casablanca was an outcome of a holy war preached by Arabs for the extermination of Europeans. On Monday a number of Arab chiefs entered Casablanca and demanded that the harbor improvement work cease. The pasha of Casablanca pointed out that this work was being done with the sanction of the sultan, whereupon the chiefs replied that the sultan was no longer their ruler, as he obeyed the Christians. They then began to incite the natives to exterminate all Jews and Europeans in the town. On Tuesday the natives commenced their attack by stoning a European, and when this man tried to flee he was surrounded and hacked to pieces. This was the signal for another attack, and as soon as the danger became known the French and Spanish residents rushed to their respective consulates for protection. During this night at least eight were murdered.

Will Send Ship.

Madrid, Aug. 2.—The Spanish government is drawing up a plan for concerted action with France to obtain reparation for the murders in Casablanca. As a first step a Spanish warship has been ordered to proceed immediately to Morocco.

U. S. Government Advised.

Washington, Aug. 2.—The state department received from United States Minister Gummere at Tangier a brief cablegram stating that several foreigners had been murdered at Casablanca, Morocco, and that "a foreign vessel had been dispatched to Morocco." The minister asked for no instructions from the state department concerning the trouble, and none were sent him. It is believed at the state department that there are no native-born Americans in Casablanca.

Will Try Reconciliation.

Vienna, Aug. 2.—The meeting of King Edward and Emperor Francis Joseph at Ischl on Aug. 15, is of high political importance. In addition to discussing any international questions, it is stated that Emperor Francis Joseph will assume the role of intermediary to bring about a final reconciliation between King Edward and Emperor William of Germany, while the reconciliatory policy will culminate in an endeavor to establish an entente between the two groups of powers headed by Great Britain and France on the one side and Germany and Austria on the other, for which purpose King Edward is seeking the assistance of the two emperors.

The California in Commission.

Vallejo, Cal., Aug. 2.—With appropriate ceremonies the new cruiser California, recently completed, was placed in commission. Captain Thomas S. Phelps will command the cruiser. The California is the finest vessel that ever came to this yard, and will join the Pacific squadron.

Coey, the Chicago manufacturer with whom she had carried on a correspondence; Mrs. Jennie Matthews, mother of the girl, and other relatives arrived here from Chicago. They insist that Miss Matthews did not commit suicide, but was murdered. After the funeral Mr. Coey will go to Colorado Springs to make a thorough investigation of the shooting.

Ransom Recovered.

Salonika, Aug. 2.—The ringleaders of the band which kidnapped Robert Abbott from his father's home March 24 have been captured, and confessed their guilt. Seventy-five thousand dollars was the ransom paid to the kidnapers for the young man's release, and a large part of the ransom has been recovered.

INJUNCTION

Against the Closing Down of Grain Elevators of Chicago Has Been Continued.

Chicago, Aug. 2.—Judge Carter of the supreme court declined to dissolve the temporary injunction secured some time ago by the Chicago board of trade, preventing three railroad companies and certain elevator proprietors from withdrawing their elevators from public service. The injunction will now remain in force until the October term of the supreme court, when final order in the case will be entered.

It is contended by the board of trade that property rights will be gravely endangered by the closing of the elevators, which now store grain for the public, and would practically ruin the grain commission business of the city. In making his decision the judge said: "No showing is made that any loss or injury will accrue to the defendants if the injunction is continued, while it is fair to presume that great loss would result to the complainants if the injunction is dissolved."

THE MAGILS ARE INDICTED

Clinton, Ill., Aug. 2.—Fred Magill and his bride, Faye Graham Magill, were indicted by the grand jury, which reported today, on the charges of murdering Magill's first wife. True bills were returned against each. In the bill against Magill are the following counts: Administering strychnine; administering arsenic, smothering with a blanket; entering a suicide compact and withdrawing; causing death by some means unknown to the jury.

NO CLUE OBTAINED AS TO ROBBERY

Pittsburg, Aug. 2.—Up until late today no further light has been thrown on the disappearance of a sum of money from the Turtle Creek First National bank, which was stolen last night, and which resulted in the detention of Thomas Jordan, the negro janitor. The exact sum taken was \$4,750. Cashier Cornell admitted responsibility and that he would make good the loss.

OIL AND GAS NOTES

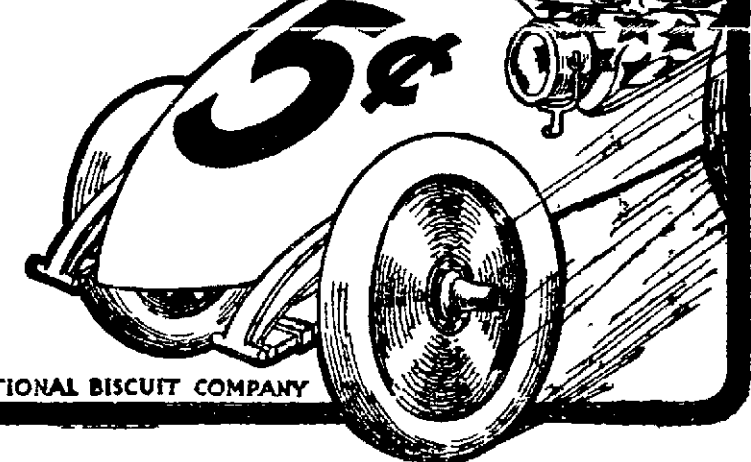

The best well in Granville township was drilled in the Philbrick farm on Burg street Tuesday. Volume about four million or better with thirty feet of sand. While the well was being tubed with three inch pipe it could be heard for quite a distance. The farms adjoining this one are D. R. Owens, George O'Daniel, Walter Thompson, Sidney and A. P. Nicol and William Butt, which are principally leased to the Columbus company, Ohio Fuel and Everitt company. Since this well came in the Ohio Fuel farm made a location on D. R. Owens farm about five hundred feet north of this one. We may look for all of these companies to get busy.

The Ohio Fuel drilled in their No. 2 on the Geiger farm a few days ago. Volume six millions. The No. 1 was drilled in last winter which made ten million. There are several wells around this farm, none of which are less than six million. Whenever a

well is drilled in that vicinity you may look for a good one.

Two locations were made Tuesday by Mr. C. M. Rowlee of the Central Ohio, viz. No. 2 on the northeast corner of the John Smith farm, in the McKean field where the same company drilled in a six million, the largest in the field; and No. 2 on the J. N. Ramsower farm on Loudon street where a good well was drilled in two weeks ago.

The Charles Guckert well on Burg street is due to come in next week. The tools will be taken to the A. F. Hamilton farm on Burg street where a derrick is up.

The farmers on Burg street are beginning to think that things are coming their way, judging from the number of wells that are going down and new locations made.

The Ohio Fuel company made two locations in the Union field this week, viz. No. 1 on the Bryson farm and No. 3 on the Geiger where they drilled in a six million last week.

M. E. Lytle of the Ohio Fuel was in Granville this week and made two locations on Burg street, viz. No. 2 on the Charles Guckert farm and No. 1 on the D. R. Owens farm near the Philbrick well that came in last week.

The Heisey company drilled in the L. A. Woolard No. 1 in the St. Albans field Tuesday. Volume three quarters of a million with sixteen feet of sand. The No. 2 is about 300 feet in the lime and they are rigging up the No. 3.

The tools on the Philbrick farm will be taken to the Cash farm on the Alexandria road.

The Columbus company expect to bring in a well on the Jess Geiger farm in the Union field next week.

The Ohio Fuel rig on the Morry Davis farm is being hauled on the Gregg farm in the McKean field.

The Crawford Natural Gas company well on the Frank Carpenter farm in the McKean field is progressing slowly. They have a crooked hole at the top of the line.

The Utica Wm. Smoots well and the Lee Bell wells are still shut down awaiting casing. Neither supply company can get casing fast enough from the mills.

Another six million producer was the good fortune of the Logan company a few days ago. The well is on the James Larimore lease in Milford township, Knox county.

The Central Ohio well on the Diantha Brooks farm in McKean township is due for the sand the first of next week.

The Real Value

If you have headache or neuralgia you want relief; want it quick. Dr. Miles' Anti-Pain Pills stop the pain in just a few minutes. But their real value lies in the fact that they leave no bad after effects. They do not create nausea or derange the stomach. Nothing can therefore take the place of Anti-Pain Pills for the relief of headache or other pain.

"Dr. Miles' Anti-Pain Pills do all that is claimed for them in curing headache and neuralgia. I was in Farmington and I had a fearful headache; the gentleman of the house said, 'Take one of my wife's Pain Pills and I did, and in less than one-half hour I felt as well as ever.' I asked the name of these and he said 'Dr. Miles' Anti-Pain Pills. I purchased a box, and told my family I had found a great prize—something to cure headache. My three daughters also used them. A thousand thanks for such a remedy."

TWO TRAINS

Were Headed Toward Disaster When What Seemed a Miracle Kept Them Apart.

Marysville, O., Aug. 2.—Passengers on the Big Four evening train from Springfield got the scare of their lives yesterday and many of them were so badly frightened that they have not yet recovered. The train left Springfield with orders to pass a fast freight train at Mechanicsburg. Operator Kelley at that point got orders to let the freight through to Catawba. She passed at high speed, but a few moments later the report came over the wire that the passenger had left Catawba. The two trains were headed toward each other on a single track, at high speed, with no earthly means of preventing a terrible wreck.

In a last frantic endeavor to prevent a disaster Operator Kelley telephoned to the house of Charles Schmelzer near the railroad, two miles south, to flag the freight, but was told that it had passed a moment before. While Kelley waited for word of the collision the passenger pulled into Mechanicsburg. The trains had scudded each other on a long stretch and were able to stop in time to avoid a crash. A rigid investigation is being made.
